Hixburg

Hixburg, June 8.- A joint program of a music recital and graduation exercises entertained a near capacity house at the Pamplin Elementary Echool auditorium Thursday evening.

Miss Kate Franklin's music pupils presented a program of classic and semi-classic compositions, most of which were played without notes.

The rhythm band of nineteen, with their red capes waving, and high topped hat and caps bobbing, marched in step and sang lustily.

Rhythmic music brought in cow boys in costume. Bill Dudley led them in a drill.

The rhythm orchestra struck up a Mexican folk tune, and up stood little Nancy Gayle Coleman (6 years old) beating time with a batan.

"The Merry Makers," a trio, was played in remarkable unison by Margaret Ann Goin, Audrey Inge, and Patricia Covington.

A novelty number was the "Mexican Clap Dance," played by Harry Davis and Lewis Mann, Jr.

Immediately following the recital came the twenty 7th graduates' processional. After the invocation by the Rev. Harold Anderson, the principal, and a song, "Winds of the Evening," by the class, the Rev. W. H. Chappell, School Board member, addressed the group. He emphasized having a purpose in life, the careful choosing of friends, and the habits of trustworthiness. They were reminded that they were important:

1. To themselves
2. To others and
3. To God.

A class dance in the cafeteria followed these exercises.

The Rev. W. H. Chappell returned to Pamplin on Thursday. He had been a patient in a hospital in N. C., where he underwent an operation.

Mrs. Boyd Ford spent last week in Lynchburg. She was the guest of Mr. and Mrs. Walter Ford, her son and daughter-in-law.

Earl Covington attended the F. F. A and F. H. A. picnic at Holliday Lake on Thursday.

Mrs. J. S. Hix, of Thomasville, N. C., is expected to spend Tuesday and Wednesday nights in the home of his brother, Mr. W. D. Hix.

Capt. Frank Inge is on his way home from Okinawa.

On June 17, he will reach San Francisco, where he will be discharged.

Mr. Carl Evans, of Union, N. J., arrived at the home of Mr. Bob Covington on Sunday. Mrs. Evans and daughter, Judy, who have spent a week in the neighborhood, accompanied him home on Monday.

Mr. Rufus Cawthorn and sons, Don and Kenneth, and Paul Thurst, all of East Orange, N. J., and Mrs. Lorenze, of Mine Hill N. J., were guests of Mr. and Mrs. E. A. Covington last week. They came to attend the graduation exercises at Appomattox High School, where Ida Virginia Covington was graduated.

Mr. and Mrs. William Hix announce the birth of a daughter, Cinthia Dawn, at the Southside Community Hospital in Farmville, on Sunday, June 7. This is their third child.

In FASHION now

Your habits, social obligations and figure are the three important factors you should consider when you choose your clothes, makeup, and hair style. If the latest fashion trend is not acceptable to your way of life, or is not becoming, discard it.

First and foremost, it is no trick at all to look pretty, feminine and desirable in the wide range of clothes designers have gone "all-out" to create for you. It may be that you do not trust your own judgment when choosing clothes, make-up and hair changes. In this case ask a trusted and loyal friend with the gift of frankness to help you.

Several months back the waistline returned and with it the accent on sleeves and necklines. ance for shoulder treatment.

Skirts continue shorter as a bal-

The narrow silhouette is by far the most popular. Often what looks slim and trim, when put into motion, bursts into great fullness, stemming from knife-edged pleats.

The deep neckline of dress and suit is more often than not etched in white to give that cool frosted look.

There is a neat look about the head. Hair has a brushed and shining look, and is well mannered, with French-twists or loose curls cropped just above the collar.

Hats are important since they further accept femininity.

Just what is the Land of Plenty?

The Land of Plenty . . . that's the name given by the Norfolk and Western Railway to the six progressive states it serves. A name that sums up, in three short words, the unsurpassed industrial advantages of the area in which you live.

A major market for industry: Geographically, this area stretches from the Atlantic Ocean to the Midwest and is made up of the fast-growing states of Ohio, West Virginia, Maryland, Virginia, North Carolina and Kentucky. Here is a rich market for industry. Here, too, industry can reach overseas markets via the modern Port of Norfolk on famed Hampton Roads. Big, busy and bustling, this is your land . . . a good place in which to live, work and raise your children.

Rich in raw materials: In your six-state area you can offer industry vast reserves of the finest all-purpose Bituminous Coal, large deposits of high-quality limestone, huge quantities of low-grade iron ore, and many other minerals. Great forests and rich green farmland. Mighty rivers, lakes, and untapped underground sources to provide ample water for industry. One-sixth of the nation's electric generating capacity. Yours is a land of opportunity . . . opportunity unlimited for industry.

People of faith and determination: New industry has much to offer you — and *you* have much to offer industry. Vigor, vision and courage are traditions in the states in which you live. You are a people who draw strength from a rich historic heritage . . . who work hard, who love their land, their homes, their communities. People who appreciate the good things of life. Yours is a land of roses and azaleas . . . hot dogs and hush puppies . . . county fairs and tobacco auctions. A way of life as American as "The Star Spangled Banner."

Served by a great railroad: Linking these six great states in ties of commerce are the rails of the Norfolk and Western. We of the N&W recognize that so progressive and growth-minded a land must be served by a railroad with similar vigor and vitality. It is our land as it is yours. That's why we spare no effort, year in and year out, to improve our facilities and bring better rail service to you, why we are working unceasingly and with renewed vigor to attract new industry along our lines, why we strive to be good citizens in the communities we serve. We are proud to be a part of the Land of Plenty . . . and to work for its continued growth and progress.
